LED LIGHTING SOLUTIONS FOR TESLA

VISION X LED LIGHT KITS FOR TESLA MODELS S, X AND 3

All our mounting kits are developed and tested in Europe on the cars they are designed for. We take safety seriously, and none of our kits require drilling or cutting in parts that are critical for structural integrity or collision systems. We make sure the fit is perfect, looks good and that the LED bar doesn't affect the functionality of safety systems, parking sensors and cruise control radars. The kits include model specific brackets and wiring looms with CAN bus support to engage with high beam automatically or manually.

Choose the Vision X LED bar that suits your needs.

Model X with kit:
TESX-XPRH12SKIT

Model 3 with kit:
TES3-XPLHC23E19

Model S with kit:
TESS-XPR12MKIT

XMITTER PRIME

The Xmitter Prime series are stacked with high output LEDs pumping out nearly 1.000 raw lumens per inch. This LED bar is unmatched in terms of effective power and performance.

XPR

The XPR series provides a powerful distance with mixed beam with the help of tilted reflectors to illuminate your peripherals. The 10 W LEDs shining via the large IRIS reflectors make this bar one of the longest throwing mixed beam light bars out there.

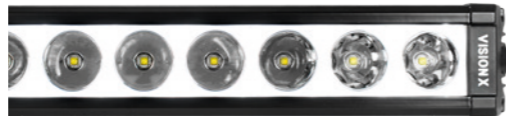

XPR-S HALO

Based on the XPR series, but with a narrower beam that reaches further. The entire area surrounding the reflectors is backlit, creating a distinctive and stylish look that will be recognized by LED light connoisseurs around the World.

XPL HALO CURVED

A curved low profile LED light bar that suits modern cars where much light is desired without taking up too much space and attention. XPL Halo Curved has a single row of the same powerful 5 W CREE LEDs as the Xmitter series, and a cool Halo illumination effect that surrounds the reflectors.

MODEL X

Art. nr:	LED bar:	Diodes:	Beam:	Lumens:	Watts:	IP rating:	Dimensions (mm):	E-marked:
TESX-PX36M12KIT	Xmitter Prime	36x 5 W	10°/25°	19 008	180 W	IP69K	L 525 x H 76 x W 84	Yes, REF 37.5
TESX-XPR12MKIT	XPR	12x 10 W	6.5°/25°	12 978	120 W	IP69K	L 609 x H 70 x W 80	Yes, REF 45
TESX-XPRH12SKIT	XPR-S Halo	12x 10 W	6.5°	12 978	120 W	IP69K	L 561 x H 70 x W 80	No

MODEL 3

Art. nr:	LED bar:	Diodes:	Beam:	Lumens:	Watts:	IP rating:	Dimensions (mm):	E-marked:
TES3-XPLHC23E19	XPL Halo Curved	23x 5 W	15°	12 305	115 W	IP69K	L 767 x H 52 x W 61	Yes, REF 30

MODEL S

Art. nr:	LED bar:	Diodes:	Beam:	Lumens:	Watts:	IP rating:	Dimensions (mm):	E-marked:
TESS-PX36M12KIT	Xmitter Prime	36x 5 W	10°/25°	19 008	180 W	IP69K	L 525 x H 76 x W 84	Yes, REF 37.5
TESS-XPR12MKIT	XPR	12x 10 W	6.5°/25°	12 978	120 W	IP69K	L 609 x H 70 x W 80	Yes, REF 45
TESS-XPRH12SKIT	XPR-S Halo	12x 10 W	6.5°	12 978	120 W	IP69K	L 561 x H 70 x W 80	No
