

### ULTRA EFFICIENT MULTI LED

Top binned 7W Cree LED provides the greatest light output from a multi source LED light of its size.

### ADVANCED OPTIC TECHNOLOGY

Each led is focused using a 10° optic that allows for the flood pattern to achieve full beam spread

### HIGHEST QUALITY SINGLE LED

Industry leading Luminus Big Chip Technology allows the Single Source Cannon reach unheard of distances.

### IRIS REFLECTOR TECHNOLOGY

Focusing the power of the single source LED, the advanced IRIS Reflector shoots out a long distance spot beam.

## 25 LIGHTS IN ONE

Each Light Cannon is 25 lights in one with the help of snap-on polycarbonate covers that can alter the beam pattern and change the color of the Cannon.

Tackle any weather condition with the proper color cover or quickly change your spot cover to a flood cover for a wider beam when necessary.
